(People's feedback based on GEOMETRIX website):

1. look clean. Easy to get around and i can wish you can make more functions.
2. The design's chill, not too flashy.
3. Honestly, I'd use this if I needed help with math lol. Some people would like this.
4. Cool how it's organized by level. Makes it less overwhelming.
6. ngl, the site is smooth. Doesn't feel laggy or old.
7. This feels more welcoming than other school sites tbh, it is more recommended if you can add more interactions to your web.
8. Not bad. I'd send this to a friend struggling with geometry lul
9. It's nice to see something that doesn't look like a boring worksheet
10. Simple, but it works. Sometimes that's all you need for a website, if you can enhance it even more, that would be way better :)
11. how did you make this, this is really the goat.
12. I can actually focus here? No random popups or distractions.
13. Layouts are clear and I didn't get lost trying to find things
14. For real, I think this is way better than those sites full of ads and junk, I'm not lying. But more functions would be better
15. very creative
16. nice, you didd a really good job.
